Welcome Message

Dear Colleagues,

On behalf of The Arab Resuscitation Council Executive and Organizing Committees, we are pleased to invite you to the 3rd Arab Resuscitation Council Scientific Conference which will be held from Thursday to Saturday, 16 – 18 October 2025 in Dubai, United Arab Emirates.

Our mission in The Arab Resuscitation Council is to promote, disseminate and advocate the implementation of evidence-based resuscitation and first aid, using evidence based scientific data. We are working with our in-country local partners and supporters to ensure that everyone in their country gets the right skills to save a life. We aim to raise awareness and support research, through high standards of education, trainings and research.

The 3rd Arab Resuscitation Council Scientific Conference provides a unique opportunity for manikin and simulation equipment in addition to other healthcare product's manufacturers to unveil new products, showcase research findings and engage directly with their intended audience – decision makers, healthcare providers, researchers and practitioners – in order to exchange knowledge and explore innovative educational techniques. Attendees can expect to network with colleagues and industry peers while benefiting from an informative and carefully curated program that will appeal to professionals joining us from all Arab Countries.

Thank you for your support and we look forward to welcoming you.

Mrs. Zehra' Akram Al-Hilali
Chairperson, ArRC Organizing Committee

Dr. Ahmed Gabroun
Chairperson, ArRC Scientific Committee

The Scientific Writing Workshop

 Thursday, 16 October 2025  13:30 - 17:30

FEE
AED 300

Enjoy complimentary
coffee break and lunch.

Target Audience

-  Undergraduate Students
 - Years:** 2nd year and above
 - Majors:** Medicine, Biology, Public Health, Pharmacy, Psychology, Biomedical Sciences, Nursing, or any health/life sciences discipline
-  Medical Students
-  Residents
-  Early-Career Clinicians
-  Nurses and Pharmacists

Objectives

DURATION
3 HRS

- 01 **Understand the structure and purpose of scientific manuscripts,**
including the Introduction, Methods, Results, and Discussion (IMRaD format).
- 02 **Improve the clarity, conciseness, and coherence**
of scientific writing, with an emphasis on precision and readability.
- 03 **Gain strategies for writing each section of a manuscript,**
including crafting compelling introductions, presenting results objectively, and discussing findings critically.
- 04 **Understand common pitfalls in scientific writing**
and how to avoid them.
- 05 **Foster ethical writing practices,**
including proper citation, avoiding plagiarism, and transparent reporting.
- 06 **Receive hands-on experience through interactive exercises,**
such as analyzing published excerpts and drafting sections of a paper.
- 07 **Lay the groundwork for future writing-focused workshops**
including topics such as using AI tools, crafting abstracts, selecting journals, and responding to reviewers.

All workshop participants will receive a Workshop Attendance Certificate with CME hours upon completion

Resuscitation under Fire

Thursday, 16 October 2025

08:30 - 12:30

FEE
AED 300

Enjoy complimentary
coffee break and lunch.

Target Audience

- Members of National and International Societies of Red Cross & Red Crescent
- Humanitarian Organizations
- Medical Doctors
- Civil Defense
- Military Officers
- University Students & anyone interested!

Objectives

DURATION
4 HRS

- 01 Analyze the challenges encountered by Emergency Medical Services in conflict and war settings.
- 02 Assess the risks faced by ambulance and rescue teams operating under fire.
- 03 Evaluate strategies for delivering care effectively in the field and on active conflict sites.

All workshop participants will receive a Workshop Attendance Certificate with CME hours upon completion

Empowered Nurses, Advanced Triage – Transforming Emergency Care Through Efficient Systems

A Practical Workshop on Enhancing Triage Practices, Nurse-Led Decision-Making, and Emergency Department Performance

Thursday, 16 October 2025

13:30 - 17:15

FEE
AED 400

Enjoy complimentary
coffee break and lunch.

Target Audience

- Emergency Nurses
- Nurse Leaders
- Physicians
- Paramedics
- Triage Staff
- ED Quality Coordinators

Objectives

DURATION
4 HRS

By the end of this workshop, participants will be able to:

- Understand triage systems such as CTAS and compare them with global models.
- Explain how trained triage nurses enhance patient flow, safety, and ED efficiency.
- Evaluate case studies to highlight the impact of timely vs. delayed triage.
- Apply decision-making tools, including digital triage systems, in real-time scenarios.
- Identify red flags and manage urgent cases within the triage framework.
- Assess the effect of CTAS on emergency department KPIs and quality indicators.
- Use clear communication and documentation to ensure safe, legal triage practices.
- Apply safety and customer service strategies, including de-escalation techniques.

All workshop participants will receive a Workshop Attendance Certificate with CME hours upon completion

Faculty

Workshop Lead

Dr. Abdiqani Qasim

Executive Nursing Director of Nursing
Education & Professional Development
MODHS Nursing Administration
Riyadh, Saudi Arabia (KSA)

Mr. Kais Y. Al-Kafaween

Deputy Nursing Director
Emergency & OR Ambulatory
Nursing Supervisor
Ministry of Defense Health Services
Riyadh, Saudi Arabia

Ms. Ghalia Ebrahim AlQasimi

Senior Nursing Educator & OR Nurse Manager
Northern Area Armed Forces Hospital
Hafer Al-Batin, Saudi Arabia

Arrhythmias Recognition & Early Management

Thursday, 16 October 2025

08:30 - 11:30

FEE
AED 200

Enjoy complimentary
coffee break and lunch.

Target Audience

All healthcare professionals including:

- Doctors
- Paramedics
- Nurses
- Medical students

Objectives

DURATION
3 HRS

- ✓ Learn and analyze various tachyarrhythmias and bradyarrhythmias commonly encountered in ER.
- ✓ Participate in different cases discussions about the early management of dysrhythmias
- ✓ Practice the electrical therapy for arrhythmias

All workshop participants will receive a Workshop Attendance Certificate with CME hours upon completion

Faculty

Workshop Lead

DR. ZULFIQAR ALI
Consultant Physician
VIP Clinic DHA
Professor of Medicine
Sialkot Medical College Pakistan
Dubai, United Arab Emirates

DR. FIRASAT KHAN
Head of Emergency Services
Emirates Health Services
Fujairah, United Arab Emirates

Exclusive access to interactive online materials and videos

Pearls of ABG Interpretation

Thursday, 16 October 2025 13:30 - 16:30

FEE
AED 200

Enjoy complimentary
coffee break and lunch.

Target Audience

- Healthcare Professionals working in Emergency Departments and ICUs
- Medical Students
- Postgraduate residents

Objectives

DURATION
3 HRS

- Explain the basic physiology of acid-base regulation.
- Apply a systematic stepwise approach to interpreting arterial blood gases (ABGs).
- Differentiate between primary metabolic and respiratory disorders using pH, HCO₃, and CO₂ values.
- Assess the degree of compensation and distinguish between acute and chronic respiratory disorders.
- Use Winter's formula to evaluate the adequacy of respiratory compensation in metabolic disorders.
- Calculate the anion gap (AG) and $\Delta\Delta$ gap to identify concomitant metabolic disturbances.
- Interpret ABG results in relation to oxygenation and ventilation status.
- Integrate ABG interpretation into clinical decision-making for critically ill patients.

All workshop participants will receive a Workshop Attendance Certificate with CME hours upon completion

Faculty

Workshop Lead

DR. ZULFIQAR ALI
Consultant Physician
VIP Clinic DHA
Teaching Faculty
Dubai Medical College
Professor of Medicine
Sialkot Medical College Pakistan
Dubai, United Arab Emirates

DR. SEEMIN AFSHAN SHIRAZ
Consultant Internal Medicine
Mediclinic Parkview Hospital
Clinical Faculty

Dubai, United Arab Emirates

Exclusive access to interactive online materials and videos

In Situ Simulation for Resuscitation Outcomes: Train-the-Trainer

Thursday, 16 October 2025 08:30 - 12:30

FEE
AED 350

Enjoy complimentary
coffee break and lunch.

Target Audience

- Healthcare Leaders
- Resuscitation Team Leaders
- Clinical Service Heads
- Training Program Directors
- Healthcare Professionals interested in Simulation

Objectives

DURATION
4.5 HRS

- ✓ Explain the fundamentals of simulation-based training and their application in healthcare.
- ✓ Describe the principles, benefits, and limitations of in situ simulation.
- ✓ Establish and structure an in situ simulation-based mock code program in their institutions.
- ✓ Conduct effective pre-briefing, debriefing, and feedback sessions.
- ✓ Apply CRM, leadership, and teamwork principles during resuscitation-focused simulations.
- ✓ Define clear program objectives, measurable outcomes, and KPIs.
- ✓ Evaluate program effectiveness and identify strategies for sustainability.
- ✓ Act as trainers and facilitators, equipping them with the foundation to implement ToT within their own institutions.

All workshop participants will receive a Workshop Attendance Certificate with CME hours upon completion

Faculty

Workshop Lead

DR. TAREK HAZWANI

Pediatric Intensive Care Consultant
Associate Professor
Simulation Educator
Professional Trainer
King Saud bin Abdulaziz University
for Health Sciences
King Abdullah Specialized Children's Hospital
Riyadh, Saudi Arabia

MS. JOUD ABDULLAH ALARFAJ

Clinical Simulation Lecturer
Riyadh Clinical Simulation Center
King Saud bin Abdulaziz University for
Health Sciences (KSAU-HS)
Riyadh, Saudi Arabia

Exclusive access to interactive online materials and videos

Superior Bleeding Control Workshop

Thursday, 16 October 2025

13:30 - 15:30

**FEE
AED 250**

Enjoy complimentary
coffee break and lunch.

Target Audience

Community bystanders

Educators

Nurses

Service Workers

Healthcare providers

Physicians

EMTs

Objectives

**DURATION
2 HRS**

HANDS-ON EXPERIENCE

- 01 Explain the basic physiology of bleeding and differentiate between controlled and uncontrolled hemorrhage during group discussion.
- 02 Demonstrate correct wound compression and packing techniques using hemostatic and non-hemostatic agents.
- 03 Apply a commercial windlass tourniquet, an improvised alternative, and a bandage during hands-on practice.
- 04 Identify at least three key steps to maintain personal and scene safety in group discussions and apply them during simulation.
- 05 Work collaboratively within mixed groups to integrate tourniquet use, wound packing, improvisation, and communication during a simulation scenario.

All workshop participants will receive a Workshop Attendance Certificate with CME hours upon completion

Faculty

Workshop Lead

DR. LUBNA SAFFARINI
Senior Specialist Registrar
Rashid Hospital
Dubai Health
Dubai, United Arab Emirates

DR. HEBAH SABRI
Emergency Medicine Physician
Dubai, United Arab Emirates

DR. TIBAH AL ABBASI
Emergency Medicine Chief
Resident-PGY4
Rashid Hospital Trauma Centre
Dubai Health
Dubai, United Arab Emirates

DR. DALAL ALHAFFAR
Emergency Medicine Resident
Rashid Hospital
Dubai, United Arab Emirates

Exclusive access to interactive online materials and videos

Track A

08:00 - 14:00	Registration	
08:45 - 09:00	Welcome Remarks	
09:00 - 10:00	Session 1: Reviving Lives: The Arab World's Approach to Resuscitation	
09:00 - 09:15	The KSA Initiative "Al Thaman Al-Oula"	Dr. Abdulrahman Al-Mousa
09:15 - 09:30	Action and Collaboration with our MENA Red Cross National Societies	Dr. Pascal Cassan
09:30 - 09:45	Regional Experience in Return of Spontaneous Circulation (ROSC)	Dr. Abdulrahman Al-Hamoud
09:45 - 10:00	Q&A	
10:00 - 10:15	Coffee Break	
10:15 - 11:00	Session 2: Technology Advancement in Cardiopulmonary Resuscitation, ECMO	
10:15 - 10:30	Cardiogenic Shock, What Else We Can Do?	Dr. Umar Khan
10:30 - 10:45	ECMO for Sudden Cardiac Arrest during Sporting Events	Dr. Vivek Kakar
10:45 - 11:00	Q&A	
11:00 - 11:30	Keynote Lecture: 2030 Vision on First Aid and Resuscitation: Global Challenge for Life of the International Federation of Red Cross (IFRC) and Red Crescent National Societies (RCNS)	Dr. Pascal Cassan
11:30 - 12:00	Opening Ceremony	
12:00 - 13:00	Session 3: Arab Red Crescent and Red Cross Organization (ARCO)	
12:00 - 12:45	Keynote Lecture: The Roles of the Red Crescent and Red Cross Societies from Routine to Innovation	Dr. Abdullah Almuheidli
	Education Model for Refugees' Shelters	Dr. Osama Boubess
	First Aid Training at Poverty Community	Dr. Ashraf Elamir
12:45 - 13:00	Panel Discussion	
13:00 - 14:00	Friday Prayer & Lunch	
14:00 - 15:15	Session 4: Next-Gen Medicine: Advancing Care Through AI, Technology, and Simulation	
14:00 - 14:15	Artificial Intelligence (AI) in Action: Transforming the Community's Emergency Response	Dr. Mueed Ahmad
14:15 - 14:30	NextGen Resuscitation: Pioneering Technologies for Advanced Life-Saving Care	Dr. Thiagarajan Jaiganesh
14:30 - 14:45	Reviving Hope: The Impact of Technology on Emergency Medical Services and Cardiac Arrest Outcomes	Dr. Maitha Rashid Alfalasi
14:45 - 15:00	Reviving Skills: Next-Gen Technologies Transforming Resuscitation Training	Dr. Mohammad Anzal Rehman
15:00 - 15:15	Q&A	
15:15 - 15:30	Coffee Break	
15:30 - 16:30	Session 5: Going back in Depths - Science & Research in Cardiac Arrest	
15:30 - 15:45	Genetics of Cardiac Arrhythmia and Cardiomyopathy	Dr. Cybel Mehawej
15:45 - 16:00	What Can Be Done? Genetic Diagnosis in Life-Threatening Disorders: From Urgency to Action	Dr. Eliane Choueiry
16:00 - 16:15	From Signal to Arrest: How cAMP and Excitation-Contraction Coupling Dysfunction Drive Cardiac Risk in Diabetic Cardiomyopathy	Dr. Aniella Abi-Gerges
16:15 - 16:30	Q&A	
16:30 - 17:30	Session 6: From Crisis to Solutions: Tackling Resuscitation Challenges in MENA	
16:30 - 16:45	Building a Culture of Patient Safety: A Proactive Approach to Resuscitation Preparedness	Dr. Tarek Hazwani
16:45 - 17:00	Beyond the Code: In-Hospital Resuscitation – From Protocols to Practice	Prof. Zohair Al Aseri
17:00 - 17:15	Resuscitation Science in the MENA Region: Challenges in Research, Data, and Implementation	Dr. Alaa Oteir
17:15 - 17:30	Q&A	

Friday, 17 October 2025

Track B

08:00 - 14:00	Registration	
08:30 - 08:45	Welcome Remarks	
08:45 - 10:00	Session 7: Empowering Resuscitation: The Nursing Perspective	
08:45 - 09:00	Simulation-based Assessment of Nursing Resuscitation Competencies	Dr. Hani Lababidi
09:00 - 09:15	How Simulation-Based Triage Scenarios Help Nurses Develop Critical Thinking and Prioritization Skills	Mr. Kais Y. Al-Kafaween
09:15 - 09:30	Emerging Technologies in Nursing Resuscitation Training	Dr. Hani Lababidi
09:30 - 09:45	Post-Resuscitation Care: Nursing Role in Preventing Neurological Damage and Improving Recovery	Mr. Kais Y. Al-Kafaween
09:45 - 10:00	Q&A	
10:00 - 10:15	Coffee Break	
10:15 - 11:00	Session 8: Ethics at the Edge: Navigating Resuscitation Scenarios	
10:15 - 10:30	To Start or Not to Start: Ethical Dilemmas in Initiating Resuscitation	Dr. Mohamed Nasaif
10:30 - 10:45	Integrating Islamic Perspectives in End-of-Life Resuscitation Decisions	Prof. Zohair Al Aseri
10:45 - 11:00	Q&A	
11:00 - 11:30	Keynote Lecture: Main Hall	
11:30 - 12:00	Opening Ceremony - Main Hall	
12:00 - 12:15	Keynote Lecture: Main Hall	
12:15 - 13:00	Session 9: Game-Changing Care: Resuscitation Techniques in Out-of-Hospital Cardiac Arrest	
12:15 - 12:30	A Tragedy in the Middle of the Game (Sudden Cardiac Death)	Dr. Ali Ganai
12:30 - 12:45	Out-of-Hospital Cardiac Arrest in GCC Countries	Dr. Feras Abuzeyad
12:45 - 13:00	Q&A	
13:00 - 14:00	Friday Prayer & Lunch	
14:00 - 15:15	Session 10: What We Can Do Before the Patient Arrives to the Hospital?	
14:00 - 14:15	Improving Resuscitation Quality Among Professional Rescuers	Dr. Tarek Hazwani
14:15 - 14:30	Tele-Resuscitation: Principles and Practice	Dr. Hanna Kaade
14:30 - 14:45	Overview of Global Aeromedical Capabilities and Activities, the Kingdom of Morocco's Experience	Dr. Ismail Alaoui
14:45 - 15:00	The EMT Classification Process: From Paper to Deployment	Dr. Hanna Kaade
15:00 - 15:15	Q&A	
15:15 - 15:30	Coffee Break	
15:30 - 16:15	Session 11: I'm not a Doctor, Can I Save Lives?	
15:30 - 15:45	Cultural Influences on Bystander CPR: Insights from Arab Pulse Wave Members	Mr. Mohamed Rouane
15:45 - 16:00	Schools Save Lives: A Leading Experience in Empowering Students with CPR & AED Skills - KSA Ministry of Education, General Directorate of Education in Jeddah	Dr. Aziza Alghamdi
16:00 - 16:15	Q&A	

Saturday, 18 October 2025

08:00 - 14:00	Registration	
09:00 - 10:15	Session 12: The Great Debate: Controversies and Considerations in Resuscitation	
09:00 - 09:15	E-CPR in Out of Hospital Cardiac Arrest (OHCA)	Dr. Elrasheed Salih Dr. Hari Govind Sukumaran
09:15 - 09:19	Q&A	
09:19 - 09:34	Hypothermia - Does it Still Have a Role?	Dr. Fatma Spahi Dr. Maitha Almazrouei
09:34 - 09:38	Q&A	
09:38 - 09:53	POCUS in Cardiac Arrest	Dr. Maryam Al Nuaimi Dr. Shamaila Shamim
09:53 - 09:57	Q&A	
09:57 - 10:12	Dual Sequence Defibrillation in Ventricular Storm: A Novel Approach to Refractory Ventricular Fibrillation	Dr. Sabrina Berdouk Dr. Sandra Mrad
10:12 - 10:15	Q&A	
10:15 - 10:30	Coffee Break	
10:30 - 11:45	Session 13: Good Practices in Emergency Settings - Eastern Mediterranean NCD Alliance	
10:30 - 10:50	Keynote Lecture: Delivering NCD Services in Emergency Settings; the WHO Perspectives	Dr. Lamia Mahmoud
10:50 - 11:10	Cardiovascular Care in Refugee Settings	Dr. Mona Osman
11:10 - 11:30	Mitigating NCD Challenges in Protracted Humanitarian Crises	Dr. Taha Hmidan
11:30 - 11:45	Q&A	
11:45 - 13:00	Lunch	
13:00 - 14:00	Session 14: Revolutionizing Cardiac Care: Trends and Treatments	
13:00 - 13:15	Handling Cardiac Arrest in Cath Lab	Dr. Mirvat Alasnag
13:15 - 13:30	Role of Pulmonary Embolus Response Team	Dr. Batool Abu Halima
13:30 - 13:45	STEMI Networks in the UAE	Dr. Abdulmajeed Al Zubaidi
13:45 - 14:00	Q&A	
14:00 - 14:15	Coffee Break	
14:15 - 15:15	Session 15: Empowering Patients: a Session by EM-NCDA and WHO-EMRO	
14:15 - 14:30	Keynote Lecture: WHO Framework for Engaging with people living with NCDs, mental health and neurological conditions.	Dr. Lamia Mahmoud
14:30 - 14:40	Pros and Cons of Patient Engagement	Dr. Khalifa Omar
14:40 - 14:50	Success Stories and Best Practices in Patient Engagement from Across the Region	Dr. Sawsan Al Madhi
14:50 - 15:00	Empowering Patients: NCD Alliance Initiatives in Patient Engagement	Mr. Majed Mohammed
15:00 - 15:15	Q&A	
15:15 - 15:45	Awarding & Closing

Oral Abstracts Agenda

For Life, We Meet
نلتقي من أجل الحياة

ArabResusCouncil.org

Saturday, 18 October 2025

08:30 - 10:20	Morning Session	
08:30 - 08:40	Comparative Long-term Clinical Outcomes of patients with prediabetes vs. Normoglycemia and Diabetes Mellitus presenting with Acute Coronary Syndrome: Meta-analysis of 140,744 patients	Dr. Ahmed Hassan
08:40 - 08:50	The Tulip Airway: Man and Manikin; The first comparison of identical protocol RCT results in both human and manikin studies	Dr. Amer Shaikh
08:50 - 09:00	Maternal cardiopulmonary arrest (MCPA): Report of 3 Cases and Learning Outcomes	Dr. Firasat Khan
09:00 - 09:10	The clinical effectiveness of Cardiac Rehabilitation in terms of reducing Mortality, CVD Readmissions, and Recurrent Myocardial Infarctions , Single center study	Dr. Emad Dababneh
09:10 - 09:20	The impact of bystander CPR training programs on survival outcomes: a meta-analysis of community-based interventions	Dr. Ibrahim Serag
09:20 - 09:30	Feasibility of In-Situ Code Blue Simulation Drills in a Developing Country: Challenges and Future Directions	Dr. Muhammad Faisal Khan
09:30 - 09:40	Well that was shocking!	Dr. Immad Qureshi
09:40 - 09:50	Comparison of Intraosseous and Intravenous Access in Out-of-Hospital Cardiac Arrest: A Meta-analysis of Randomized Controlled Trials	Dr. Khalid Sarhan
09:50 - 10:00	Prognosis And Risk Factors for Types of Myocardial Infarction: Meta-Analysis	Dr. Mohamed Ibrahim Gbreel
10:00 - 10:10	Efficacy & Gender Equity of a CPR Training Program in Pakistan	Dr. Mirza Noor Ali Baig
10:10 - 10:20	Coffee Break	
10:20 - 12:00	Mid-Morning Session	
10:20 - 10:30	Does Prone Positioning Improve Survival in Veno-Venous ECMO? A Meta-Analysis of Randomized and Non-Randomized Studies	Dr. Khalid Sarhan
10:30 - 10:40	Assessment of the Chain of Survival for Out-of-Hospital-Cardiac-Arrest in Resource Limited Setting of an LMIC	Dr. Mirza Noor Ali Baig
10:40 - 10:50	Optimizing Antithrombotic Therapy Following Mitral Valve Repair: A Comprehensive Network Meta-Analysis	Dr. Mohamed Ibrahim Gbreel
10:50 - 11:00	Predictive Factors of Intubation Failure in the Prehospital Setting	Dr. Sameh Yamoun
11:00 - 11:10	An Integrated Multi-Faceted Strategy for Improving Resuscitation Care and Patient Outcome in a Tertiary Care Hospital in a Low-Resource Setting	Dr. Muhammad Faisal Khan
11:10 - 11:20	Predictors, Barriers, and Enablers of Bystander Response to Out-of-Hospital Cardiac Arrest: Evidence from the United Arab Emirates	Dr. Uffaira Hafeez
11:20 - 11:30	Efficacy of intra-aortic balloon pump on neurological survival in patients managed with extracorporeal cardiopulmonary resuscitation: A systematic review and meta-analysis	Dr. Youssef Soliman
11:30 - 11:40	The HEART-Track protocol: A time-critical ECG-to-intervention system to reduce door-to-balloon delays in STEMI patients	Dr. Sara Aljudaibi
11:40 - 11:50	Long-term quality of life in cardiac arrest survivors: a systematic review and meta-analysis	Dr. Ibrahim Serag
