

Empowered Nurses, Advanced Triage – Transforming Emergency Care Through Efficient Systems

A Practical Workshop on Enhancing Triage Practices, Nurse-Led Decision-Making, and Emergency Department Performance

Thursday, 16 October 2025

13:30 - 17:15

FEE

AED 400

Enjoy complimentary coffee break and lunch.

Target Audience

Emergency Nurses

Nurse Leaders

Physicians

Paramedics

Triage Staff

ED Quality Coordinators

Objectives

DURATION
4 HRS

By the end of this workshop, participants will be able to:

01

Understand triage systems such as CTAS and compare them with global models.

02

Explain how trained triage nurses enhance patient flow, safety, and ED efficiency.

03

Evaluate case studies to highlight the impact of timely vs. delayed triage.

04

Apply decision-making tools, including digital triage systems, in real-time scenarios.

05

Identify red flags and manage urgent cases within the triage framework.

06

Assess the effect of CTAS on emergency department KPIs and quality indicators.

07

Use clear communication and documentation to ensure safe, legal triage practices.

08

Apply safety and customer service strategies, including de-escalation techniques.

All workshop participants will receive a Workshop Attendance Certificate with CME hours upon completion
