Superior Bleeding Control Workshop

Thursday, 16 October 2025

13:30 - 15:30

**FEE
AED 250**

Enjoy complimentary
coffee break and lunch.

Target Audience

- Community bystanders
- Service Workers
- Educators
- Healthcare providers
- Nurses
- Physicians
- EMTs

Objectives

**DURATION
2 HRS**

HANDS-ON EXPERIENCE

- 01 Explain the basic physiology of bleeding and differentiate between controlled and uncontrolled hemorrhage during group discussion.
- 02 Demonstrate correct wound compression and packing techniques using hemostatic and non-hemostatic agents.
- 03 Apply a commercial windlass tourniquet, an improvised alternative, and a bandage during hands-on practice.
- 04 Identify at least three key steps to maintain personal and scene safety in group discussions and apply them during simulation.
- 05 Work collaboratively within mixed groups to integrate tourniquet use, wound packing, improvisation, and communication during a simulation scenario.

All workshop participants will receive a Workshop Attendance Certificate with CME hours upon completion
