

The Scientific Writing Workshop

 **Thursday, 16 October 2025**  **13:00 - 16:00**

FEE
AED 300

Enjoy complimentary
coffee break and lunch.

Target Audience

-  Undergraduate Students
 - Years:** 2nd year and above
 - Majors:** Medicine, Biology, Public Health, Pharmacy, Psychology, Biomedical Sciences, Nursing, or any health/life sciences discipline
-  Medical Students
-  Residents
-  Early-Career Clinicians
-  Nurses and Pharmacists

Objectives

DURATION
3 HRS

- 01 Understand the structure and purpose of scientific manuscripts,**
including the Introduction, Methods, Results, and Discussion (IMRaD format).
- 02 Improve the clarity, conciseness, and coherence**
of scientific writing, with an emphasis on precision and readability.
- 03 Gain strategies for writing each section of a manuscript,**
including crafting compelling introductions, presenting results objectively, and discussing findings critically.
- 04 Understand common pitfalls in scientific writing**
and how to avoid them.
- 05 Foster ethical writing practices,**
including proper citation, avoiding plagiarism, and transparent reporting.
- 06 Receive hands-on experience through interactive exercises,**
such as analyzing published excerpts and drafting sections of a paper.
- 07 Lay the groundwork for future writing-focused workshops**
including topics such as using AI tools, crafting abstracts, selecting journals, and responding to reviewers.

All workshop participants will receive a Workshop Attendance Certificate with CME hours upon completion
